Rainbow Montessori emphasises hands on, discovery based learning. Although the program promises to strive for a good standard of excellence, the children are challenged to compete against themselves, rather than each other. At Rainbow Montessori, we also aim for a close partnership between the home and school environment, academic accountability and an innovative program that leads children to develop high levels of personal responsibility, independence and self-confidence. Maria Montessori always advocated that world peace should be obtained through our children and this we, as a school can start to do with our children by teaching them respect for every other person, religion, colour, nationality or social standing as well as respect for the environment. We care for ages of 18 months - 12/13 years. Aftercare and Holiday care available on premises. The Toddlers start their day at 08.00 - 12.00 Monday to Fridays.
