Please do not bring sick children or children with contagious illnesses to the daycare centre as it is unfair to both the sick child and the other children and staff. We will however only administer medicine to a child for minor ailments according to the written instructions given by the parents on the applicable "medicine chart". Open

door policy:

We follow an open door policy for parents. They are welcome to visit us at any time should they wish. All other visitors will only be seen by appointment. Religion:

Our daycare center is based on Christian principles. Every day starts with assembly when children are introduced to the Word of God. Toddlers in training

Educators plan the week ahead by using lesson plans which needs to be approved by the principal. Different themes are covered and the curriculum of the formal

school is adjusted and then applied in our class rooms.

Evaluation of the child's progress is done and progress reports are completed for parent-teacher meetings. We have :

- Children from many different cultures and backgrounds
- Children who speak many different home languages
- Children from many foreigners
