Everything you would expect from a private school and more, at affordable rates...We cater for ages 3 months to Pre-Primary School

Our times are 06h30 to 18h00 Monday to Friday

About Our School
Taught by specifically trained teachers, the child is encouraged to involve himself in all aspects of the integrated curriculum on a daily basis. Learning to cut, paste, count and write are all part of the basic skills that they are taught. The earlier these skills are mastered, the earlier the child's confidence in his / her abilities will increase. The informal but structured setting provides opportunities for the acquisition of these skills. The Pre - Primary offers the child an equally exciting foundation for later formal learning - what a positive beginning to a school career!

There is an old saying that say "Everything I needed to know, I learnt in pre - school: share, fair play, learn a little, think a little, draw and paint and sing and play everyday, and when you go out into the world hold hands and stick together."

(Abbreviated version of poem - author unknown)

- Services
- Full Day Care
 - Holiday Care

- Specialised Infant Care

Activities

- Ballet
- Modern Dancing
- Gymnastics
- Computer LiteracyTransport to and from extra mural activities
